Aerial Application...

**It can be quite a challenge,
but it helps keep the world growing.**

At Mid-Continent, we feel it's our responsibility to help keep the world growing. That's why we provide new and used ag aircraft and ag craft parts to aerial applicators everywhere.

MID-CONTINENT

The Load Hawg is a safer, more efficient option for loading dry materials into an aircraft hopper. Incorporating a hydraulically operated hopper door and product leveler inside the hopper, both controlled by the pilot, the need for an on-wing loader is eliminated creating a safe and efficient loading process.

STC'd for Thrush and coming soon for Air Tractor.

Call Mid-Continent today and schedule your Load Hawg installation.

- ***Dependable, Safe and Efficient***
- ***Field tested and proven over 10 years and hundreds of installations.***
- ***Stainless Steel Auger with sealed bearings.***
- ***Compatible with Air Repair Hydraulic System.***
