1601 E Hwy 84 • Hayti, MO 63851 • 573-359-0500 • 800-325-0885

JULY

2018

Now STC'd for Thrush AND Air Tractor

The Load Hawk is a safer, more efficient option for loading dry materials into an aircraft hopper. Incorporating a hydraulically operated hopper door and product leveler inside the hopper, both controlled by the pilot, the need for an on-wing loader is eliminated creating a safe and efficient loading process.

Call Mid-Continent today and schedule your Load Hawk installation.

- ***Dependable, Safe and Efficient***
- ***Stainless Steel Auger with sealed bearings.***
- ***Field tested and proven over 10 years and hundreds of installations.***
- ***Compatible with Air Repair Hydraulic System.***
